# FORCE™ EXHALATION VALVE GUARD

- ✓ Captures aerosols and droplets exhaled by the wearer, protecting the working environment
- ✓ Compatible with Force™8 half mask and Force™10 Typhoon™ full face mask
- ✓ Easy fit – snap on feature for quick and easy fitting to Force™8 and Force™10 Typhoon™ masks. To remove, simply press at top and bottom of valve guard
- ✓ Enables use of reusable valved respiratory protection in sterile settings, for reduced waste and costs
- ✓ The Force™10 / Force™8 Typhoon™ Exhalation Valve reduces moisture, heat and CO<sub>2</sub> build-up for enhanced comfort and lower wearer fatigue
- ✓ Fibre insert dissipates exhaled breath through outer filter media
- ✓ \*Meets bacterial efficiency and splash protection performance requirements for EN14683 Type IIR
